To use the ALEPH ILL subsystem to request materials that are available in-state.

To expedite the process...

- •Please send lending libraries self-addressed labels as a courtesy.
- •Please return borrowed materials as instructed by lending library.
- •When receiving items remember to inspect them at arrival and let lending library know of any damages right away.

FAQ's

Q: How long does an ILL take?

A: In-state/Aleph: about 1 week. Out-of-state/WorldCat: about 3 weeks

Q: Where is my ILL request going?

A: In-state/Aleph: directly to the lending library. Out-of-state/WorldCat: through the State Library

Q: How can I keep track of my requests?

A: Your accounts in Aleph or WorldCat online; but keep a paper copy also.

Q: Who is responsible when things go wrong?

A: The borrowing library is responsible for all materials.

Q: Does the State Library still lend materials?

A: Yes, but only items from our collection.

Q: Are there options other than using ILL to obtain materials?

A: Yes! The State Library databases have many eBook titles and articles available full text. Call the SDSL for free training!

Q: Can I request a new title?

A: No. As a general rule, libraries will not loan new titles. You should be purchasing these for your own collection.

Q: If I have an overdue ILL, can I still request more ILL's?

A: No. The State Library will not process any new requests until overdues are returned to the lending library.

Q: What if my patron loses an ILL book, or refuses to return it?

A: Your patron needs to pay for the material. If you cannot collect from your patron, then your library needs to settle the bill for the lost material. The State Library will not process new ILL requests until the matter is settled.
